Approved For Release 2006/12/14 : CIA-RDP75B00380R000400100006-5

25X1 [redacted]

14. (Secret - GLC) The Director, accompanied by [redacted] 25X1
25X1 [redacted] of IC Staff, and John Maury and [redacted] GLC, met 25X1
with Chairman John McClellan and Senator Milton Young, Senate Appropriations Committee, to discuss certain aspects of the intelligence community budget. Dr. Hall and Mr. James Vance, of DOD, were also present. Secretary of the Navy John Warner [redacted] gave the Senators 25X1
25X1 a briefing [redacted] but did not remain for the discussion of the intelligence budget. See Memo for Record.

15. (Confidential - GLC) Met with Jack Ticer, Senate Armed Services Committee staff, and gave him four copies of the Middle East Atlas. During lunch later, Ticer mentioned that another man (whom he didn't identify) is being seriously considered for Jim Woolsey's position and he expects a decision will be reached very shortly. In answer to my question, Ticer said he had no knowledge of any plans which Ed Braswell may have for retiring.

16. (Confidential - GLC) Talked briefly with Guy McConnell, Senate Appropriations Committee staff, about our discussions concerning the applicability of recent amendments to the Federal Property and Public Buildings Acts which would require the Agency to budget for annual payments to GSA for Standard Level Use Charges. McConnell said he didn't know much about the subject but thought that if this statute was supposed to have uniform applicability he could see no valid reason why the Agency should be excluded. He agreed, however, it was a proper matter for discussion between the Agency and OMB.

CRC, 7/17/2003
